AQUATICS DRESS CODE

ALLOWED

- Aqua socks, lifejackets and other flotation devices are allowed if they have never been used on the streets or in fresh water.

The dress code requirements are as follows:

- All persons swimming in the pool must have on proper swim attire.
- All infants/toddlers that require a diaper must wear swimmer diapers.
- Clean cotton t-shirts and sarongs are allowed on the pool deck, but not in the pool.
- The following attire is not allowed in the District pool:
 - o "Street clothes," Brazil/French-cut, thong style and/or revealing swim wear, cut-off denim, jeans, shorts, sports bras, leotards, leggings, dri-fit wear, compression shorts and compression shirts are prohibited. Underwear and undergarments are not allowed to be worn under swimsuits.

"Why do I have to wear proper swimwear?"

1. Street clothes (especially cotton) can transport airborne and ultimately water born contaminants into the pool.
2. Lycra and nylon are the best non-absorbent material for swimming and are the best fabrics for proper swim attire.
 - a. Other absorbent materials (such as cotton) can break down in the water and cause fibers to clog filters.
 - b. Any "colored" material (Unless specifically made for swimming) can bleed into the pool, affecting water chemistry and balance. This is also reason for turbidity in pools.
3. Cotton and similar materials can absorb the chemicals in the water, causing the water to become less effective at maintaining the proper chemical balance or may cloud the water.

Covid-19 Regulations

- If you are not feeling well, please stay home.
- It is recommended that the public, when entering the recreation center, be wearing a mask or a covering and follow the guidelines of social distancing, washing of hands etc.
- Be prepared for this schedule to change if we have an outbreak of the Wuhan Virus, AKA Corona Virus, Covid-19 in the community.

All programs are subject to change.
